Guidelines

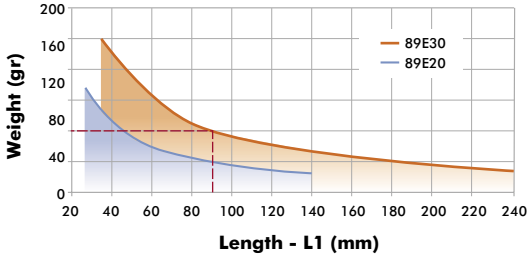

DESTACO Pneumatic Swing Clamps are designed for long life when using standard clamping arms and spindles. In the event that a longer arm or additional weight is needed, please consult these charts for the allowable weight and length.

Example: 89E32
At a weight of 80 gr, the maximum length of the arm is approximately 90mm.

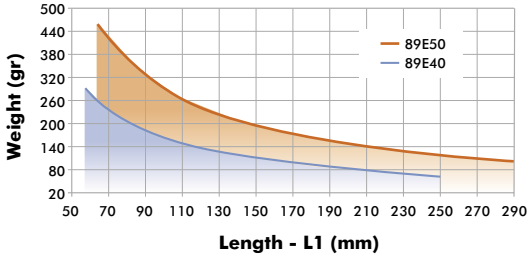

All data refers to an operating pressure of 5 bar [72psi] and an opening and closing time of 1 second.
